

Cornwall – Lebanon School District Assessment Plan

Elementary Schools

Assessment	Target Audience	Description
A-Z Learning: Head Sprout	EDK	Headsprout is an online kids reading program for students that provides teachers and parents with one adaptive, individualized reading solution. The program is designed to tailor its instruction to the needs and learning pace of every student. Its patented research-based teaching methods have been tested and verified in real classroom environments to improve kids' reading skills at various reading levels, from non-readers and early readers to established readers already reading above their grade level.
Reading Eggs	K – 2	The Stepping Stones Reading lessons are the core of the Reading Eggs learn-to-read program. Each lesson builds on the previous one to build skills in the five key areas needed to become a good reader: phonemic awareness and phonics, sight words, vocabulary, fluency and comprehension . The lessons are presented in three broad levels with 40 lessons in each level.
Study Island	K – 5	Founded in 2000, Study Island, an Edmentum product, helps students in kindergarten through 12th grade master state-specific, grade-level academic standards in a fun and engaging manner. Study Island combines rigorous content that is highly customized to specific state standards in math, reading, writing, science, and social studies with interactive features and games that engage students and reinforce and reward learning achievement. Our online suite of products uses technology to transform education. All of our programs are designed to create a very user-friendly experience for students and teachers.
Benchmarks	K – 5	Benchmark assessments are tests administered throughout the school year that give teachers

		<p>immediate feedback on how students are meeting academic standards. Regular use of benchmark assessments is seen by many as a tool to measure student growth and design curriculum to meet individual learning needs.</p>
Math Sprints	K – 5	<p>Fluency Sprints – Math Sprints. Sprints are an integral part of the NY State math modules that help students develop the fluency needed as they progress in mathematics.</p>
DIBELS	K – 5	<p>The Dynamic Indicators of Basic Early Literacy Skills (DIBELS) are a set of procedures and measures for assessing the acquisition of early literacy skills from kindergarten through sixth grade. They are designed to be short (one minute) fluency measures used to regularly monitor the development of early literacy and early reading skills.</p> <p>DIBELS are comprised of seven measures to function as indicators of phonemic awareness, alphabetic principle, accuracy and fluency with connected text, reading comprehension, and vocabulary. DIBELS were designed for use in identifying children experiencing difficulty in acquisition of basic early literacy skills in order to provide support early and prevent the occurrence of later reading difficulties.</p>
AimsWeb	K – 5	<p>aimsweb is the leading assessment and RTI solution in school today—a complete web-based solution for universal screening, progress monitoring, and data management for Grades K-12. aimsweb provides guidance to administrators and teachers based on accurate, continuous, and direct student assessment.</p>
Curriculum Based Assessments	K – 5	<p>Curriculum-based assessment, or CBA, is a method of monitoring student educational progress through direct assessment of academic skills.</p>

Secondary Schools

Assessment	Target Audience	Description
USA Test Prep	6 – 12	USATestprep's approach is designed to help the teacher help the students. Whether we're writing questions to assess a specific state standard, making a reporting feature that helps teachers identify student weaknesses, or adding a new game that gets students excited about using the site, we always take great care to ensure that each new feature engages the students and is easy to implement by the teacher.
CDTs	6 – 12	Classroom Diagnostic Tools (CDT) are based on content assessed by the Keystone Exams and the Pennsylvania System of School Assessment (PSSA). Although not a predictor for PSSA and Keystone Exam performance, CDTs provide a snapshot on why and how students may still be struggling or exceeding grade and/or course Eligible Content. The CDT data, along with other data, informs instruction in a timely and efficient manner.
Curriculum Based Assessments	6 – 12	Curriculum-based assessment, or CBA, is a method of monitoring student educational progress through direct assessment of academic skills.
Midterms & Finals	9 – 12	Assessments given during the middle and end of the year to evaluate the educational progress of students.
