Dear Parents and Guardians,

As we enter the month of March and move toward the month of April, PSSA testing is approaching. This time can become daunting and cumbersome to think about and prepare for PSSA testing, especially this year. PSSA testing has value by giving us a snap shot view of your child's, all student's and Cornwall's proficiency within the subjects of math, science, reading and writing. This snap shot view provides information to help us as educators assess our curriculum, teaching methodology and our instructional tools. However, the PSSA's are exactly that – a snap shot view. PSSA testing does not encompass the complexity of every student, their desires, needs and interests. Each student is different which brings diversity to every classroom and makes school, especially Cornwall, an amazing place to learn, grow and mature. In turn, our goal is to instill a love of learning in every student so they can set and achieve their own personal goals in life, fulfilling the mission of Cornwall-Lebanon School District – *empowering students to reach their fullest potential*. As we carefully educate and prepare each student we ask you to review the following considerations in preparation for the PSSA tests:

- English Language Arts (grades 3-5) April 20, 21 and 22, 2021
- Mathematics (grades 3-5) April 26 and 27, 2021
- Science (grade 4 only) April 29 and 30, 2021

- Make sure your child is at school each day on time. Testing begins promptly at 9:10 AM.
- Help your child select a nutritious breakfast on the morning before school.
- Remind your child that plenty of rest will help them.
- Stay positive with your child to help reduce any test anxiety.
- Celebrate accomplishments and encourage children in times of distress.
- Preview the PSSA homepage at
 - o <https://www.education.pa.gov/K-12/Assessment%20and%20Accountability/PSSA/Pages/default.aspx>

As of Friday afternoon Cornwall raised

\$11,798.00

However.....

At press time on Monday afternoon the actual amount raised was:

\$11,862.68

By the time students leave our doors, we are confident that PSSA testing will be just a small aspect of the quality of education and love of learning they experienced here at Cornwall Elementary. Education takes time and is accomplished over the span of our lifetime. As most adults are finished with school, we, however, recognize we will always be learners and that learning is a never ending and a fulfilling aspect of life. It is our hope that we can instill these ideals in every student every day at Cornwall. Thank you for taking time to review our monthly newsletter and it is our blessing and privilege to be part of your child's life.

NURSE'S NOTES

Information regarding your elementary child's BMI for the 2020-2021 is now available on the Skyward Parent Portal. Body mass index, or BMI, is a measure of body fat based on height and weight and is used as a screening tool to identify possible weight problems for children. Follow the directions below to access your child's results. If you have questions regarding your child's BMI results, please contact the nurse at 389-1883.

To access your child's BMI information, please follow these steps:

1. Log onto Skyward and navigate to Family Access.
2. On the left menu list click on Health Information.
3. Click on display options.
4. Next, on the tabs, click on Show Physical Exams.
5. Look at the top entry date and then to BMI and BMI Percentile. Make a note of these numbers.
6. Next, on the district web site: [Services>Health Services>Growth Screenings](#)
7. When that page opens, compare your child's BMI numbers to the BMI chart.

Ideas for Healthy Eating

Making time to sit down as a family to eat a home-cooked meal not only sets a great example for kids. It provides comfort for children to know that the whole family will sit down at dinner together at approximately the same time every day can be very comforting for kids and enhance appetite.

This also provides opportunity to talk and listen to you children without the distraction of electronic devices.

The social interaction of talking to parents/guardian about how they feel can play a vital role in relieving stress and boosting your child's mood and self-esteem. In addition, it gives you chance to identify problems in your child's life and deal with them early.

By eating, together you are leading by example. Demonstrating eating healthy food while keeping your portions in check and limiting junk food, help children identify with healthy dietary intake. Avoid talking about your own weight and calorie counting, so children do not derive a negative association with food.

The Health Room is still in need of clothing and will take any outgrown play clothes that you would like to donate. We are especially in need of sweat pants for boys/girls 4T-6X

Thank you for all the wonderful volunteers that have helping in various ways in the health and wellbeing of Cornwall Elementary.

Sincerely,

Sue Robins RN

Modified Kindergarten Schedule

To make the morning and afternoon classes of kindergarten more equitable, in the event of any two-hour delay during inclement weather, the following modified schedule for kindergarten children will be placed in effect:
