

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Summer school Programs in Pennsylvania study determined that for every dollar invested in summer school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Section 1 - Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

The Covid pandemic of March 2020 has since created a focus on student learning. Recent studies indicate students who engage in after-school activities and summer school program opportunities have a positive impact on student growth. Students identified for summer school

program offerings will be based on DIBEL'S, Study Island, and Exact Path performance needs.

Section: Narratives - Summer School Program Questions

Summer School Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

- Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

| Student Group | Area of Focus | Number of Students Served | Provide specific strategies that were used or will be used to identify and measure impacts |
|-----------------------------------|-----------------|---------------------------|--|
| Children from Low-Income Families | Academic Growth | 225 | DIBELS performance, Study Island benchmark data, Exact Path, state assessments |
| English Learners | Academic Growth | 50 | WIDA performance, DIBEL's baseline, Study Island benchmark, Exact Path |

- Describe the evidence-based resources that will be used to support student growth during the summer school program.

DIBEL'S, Exact Path and Study Island are evidence-based tools that will be available for use for teachers to measure student academic growth.

- Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

| Number of Staff Members | Internal/Outside Provider | Role |
|-------------------------|---------------------------|--|
| 15 teachers | Internal Provider | Teacher Instructors will provide and deliver student program |
| | | |

| Number of Staff Members | Internal/Outside Provider | Role |
|-------------------------|---------------------------|---|
| 6 | Internal Provider | Support Staff members will provide support to students, teachers and families |

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

| Tool Used to Evaluate Success | Frequency of Use | Expected Results |
|-------------------------------|---|--|
| DIBEL'S | Beginning year baseline data | 3% increase of growth |
| Summer School Survey | Following the end of the summer school program offering | Student/family feedback survey will provide insights to the success of the summer school program offering. In addition, the survey will provide insights to future summer school programs. |

6. How will the LEA engage families in the summer school program?

Families will have the opportunity to engage in the summer school enrichment program offerings by engaging in the communication delivered by summer school program teachers, staff and coordinators. In addition, families are welcome to ask questions, and visit the summer school program offerings.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget

\$66,149.00

Allocation

\$66,149.00

Budget Over(Under) Allocation

\$0.00

Budget Summary

| Function | Object | Amount | Description |
|--|----------------|--------------------|---|
| 1100 - REGULAR PROGRAMS – ELEMENTARY / SECONDARY | 100 - Salaries | \$47,300.00 | Wages for summer enrichment programming. |
| 1100 - REGULAR PROGRAMS – ELEMENTARY / SECONDARY | 200 - Benefits | \$11,735.00 | Benefits for summer enrichment programming. |
| 1100 - REGULAR PROGRAMS – ELEMENTARY / SECONDARY | 600 - Supplies | \$7,114.00 | Supplies for summer enrichment programming. |
| | | \$66,149.00 | |

Section: Budget - Support and Non-Instructional Expenditures

Support and Non-Instructional Expenditures

Budget
\$66,149.00
Allocation
\$66,149.00

Budget Over(Under) Allocation
\$0.00

Budget Summary

| Function | Object | Amount | Description |
|----------|--------|--------|-------------|
| | | \$ | |
| | | \$0.00 | |
